

BOTTOM OF BED STYLES RESOURCE

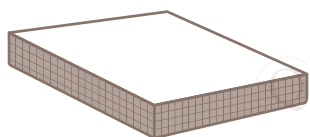

GLOSSARY

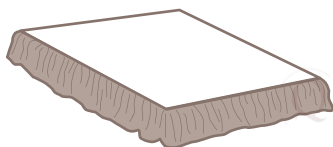

CONTINUOUS WRAP Wraps around all sides of the boxspring and does not typically have any features (pleats, folds, etc.) lengths vary from 1" past box spring length to 1/2" off the floor.

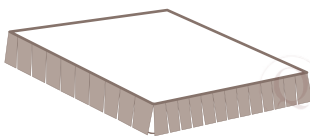

TAILORED Pleated with either two pleats (at foot corners) or 5 pleats (foot corners and middle pleats on 3 sides) this common style typically drops to 1/2" off the floor.

QUILTED Creating an upholstered wrap at the bottom of bed, quilting decorative fabrics for bedskirts or boxspring covers adds an additional unique element, typically using 2" vertical channels.

SHIRRED Also referred to as gathered, this style gains its distinct look from the 'fullness' of ruffled fabric that runs continuously around the edge of the bed. There are no pleats, simply gathered fabric at 200% fullness.

BOX PLEATED The drop fabric is finished with box pleats spaced every 6", or as specified.
