PLUG AND PLAY MOTOR

LED
Indicator

Channel
Button

STOP

Programming
Button
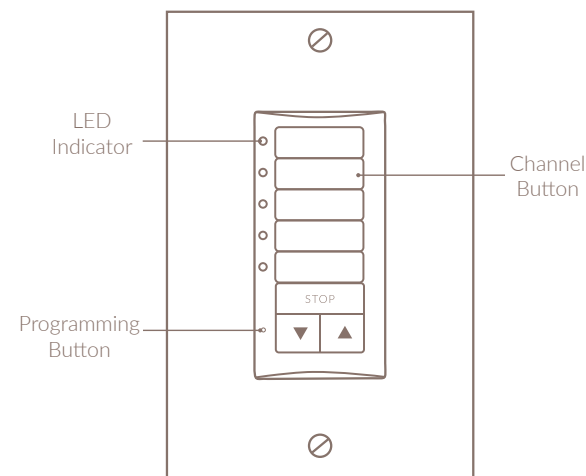

WIRELESS WALL SWITCH

1 Plug in motor to power.

2 Press and hold UP/OPEN and DOWN/CLOSED simultaneously until the drapery jogs.

3 Briefly press UP/OPEN and DOWN/CLOSED, the drapery automatically runs to record both hard stop positions.

4 Check the direction of operation.
- Press UP/OPEN. If the drapery opens, the direction of rotation is correct.
- If the drapery closes, the direction of rotation is incorrect, press the MY/STOP button until the drapery jogs.
- The direction of rotation has been modified.
- To confirm press UP/OPEN and check the direction of rotation again.

5 Confirm Programming: Using a paper clip, press and hold the programming button left of the DOWN arrow until the drapery jogs once. Wireless wall switch is now recorded. To operate the drapery press UP/OPEN or DOWN/ CLOSE. The drapery is now in user mode.

Repeat steps 1-5 for subsequent channels.
